

PAHOKEE POST

Special Census Shows 3,135, Increase of 879 In 2 Years

A census taken recently establishes Pahokee as the metropolis of the Lake Okeechobee region. Under the federal census of 1930 the population of the Pahokee region was 2,256. The increase in Pahokee population in a little more than two years is shown to be 879 by the figures of the recent enumeration and the approximate accuracy of the enumerations is indicated, for the increase in housing would account for more than 1,000 of new population.

Trail now Pahokee's rival for distinction as the largest town in the Lake Okeechobee region was Okeechobee City, where two voters were found to number 1,837 and the colored residents to number 1,568, making the total of 3,405.

MORE FEDERAL FUNDS NEEDED FOR RELIEF

Two installments of money have been received in the county's everglades section. Additional money for relief work in Palm Beach county has been received from Governor Carrington's committee to care for more than 4,500 unemployed who are seeking part time work, according to C. W. Carroll, chairman of the county committee. While the emergency fund allotted to the county for the relief of the unemployed was only \$15,000 it is expected that approval of the regular budget will bring additional funds here for the remainder of the winter season.

Work on School House

Erection of two class rooms and an auditorium as an addition to the Belle Glade school continues. Professor Wilson hopes that use of the new rooms can be had next week. The increase in the space will be helpful but the school house will be grossly inadequate to the needs.

PARTY TO CLASSMATES

SOUTH BAY, Nov. 1.—Miss Edna Mae Willis was hostess at a Halloween party for her classmates on Friday evening at her home. The Halloween motif was carried out in the decorations with games and stunts in harmony with the Halloween spirit. Those attending included George Vesey, Charles Mathis, Mary Louise Mitchell, John Billie Mathis, Ray Vesey, James Johnson, Wendell Brown, Maurice Mathis, Lela May Corbett, Louise Rawls, Edna Vesey, Willis, Betty Rawls, Edna Mae Willis, Charlie Mathis.

SOUTH HALLOWEEN

SOUTH BAY, Nov. 1.—The Girl Scouts troops of South Bay under the guidance of Mrs. W. H. Willis, Mrs. Mary Albert and Misses Lotta Keith and Vivian Shepherd, put on a Halloween carnival at the school house. In the costume parade Miss Betty Willis carried first prize. Edna Mae Willis had a poem set to music. This was followed by a spooky Skeleton Dance by Mary Louise Mitchell, Edna Mae Willis, Margaret Fisher and Christine Mathis, and a short skit by Edna Mae Willis and Christine Mathis. Goodreads, Mary Charlotte, Edna Mae Willis and John Shepherd sang a quartet. The program was put on a playlet. The Power of the Press. The final number was a song set to music by Mrs. W. H. Willis. Miss Edna Willis played the accompaniment throughout the program. The proceeds from this entertainment will be used by the Scouts to buy books and equipment for their organization.

FLOOD BOARD MEMBERS HOLDING THEIR BREATH

Commissioners of Okeechobee Flood Control District are in suspense—holding their breath while wondering if the Federal government will go through with the construction project in the Caloosahatchee river-Lake Okeechobee areas, says Howard W. Selby of West Palm Beach, vice chairman of the board.

The fear is that the War Department will call on the district for the proportion of contribution that was promised, and the suspense is due to the fact that the district hasn't the money and hasn't any hope of getting it.

Mrs. Selby is (or was) a trustee or director of the United States Sugar Corporation. He was in Pahokee recently to attend a meeting of the Rotary Club.

Belle Glade Council In Regular Session

Licenses on professional men were lowered from \$25 to \$10 at the regular meeting of the Belle Glade town council Wednesday night.

Application for a permit to operate a roller skating rink at the camp ground was granted with the regular meeting of the Belle Glade town council Wednesday night.

Improvement in the town's water system was discussed. Engineer Willis advised that no action be taken at this time and his advice was accepted.

921 WHITE PUPILS 616 COLORED SCHOOLS

Enrollment in the Belle Glade school is 205, Principal R. C. Wilson reports. It was 165 at the opening of the school.

Number of white pupils attending schools in the upper Glades section of Palm Beach county is reported in a statement given out by Joe A. Youngblood, county superintendent:

Belle Glade 205
South Bay 109
Pahokee 380
Canal Point 222

Total in Glades 921

Pahokee and Canal Point are in the upper Glades section. The two schools have a total enrollment of 616. The schools on the east coast of the district are:

Kelley City 105 and Riviera 183, a total of 418. There are 194 less pupils in the three district No. 1 schools on the east coast than in the two schools in the district's Everglades section.

The upper Glades section has a larger school population than the south end of the county, where the majority of the Okeechobee county superintendent is: Hypoxia-Lantana 37, Boynton 180, Delray Beach 123, Boca Raton 56, total 695. Canal Point and Pahokee being practically one town, the school population of our "East Beach" is greater than that of Delray Beach.

For a further comparison of school population, The Everglades News procured the enrollment figures from the supervising principal of Okeechobee county, who reported: Elementary 440, junior high school 117, senior high 148, total 705. The total enrollment in the district is 645. The enrollment in Okeechobee is only 38 more than enrollment in the East Beach schools and is 276 less than the school population of the upper Glades.

SUMMER TRUCK MARKET

Times aren't really so hard. If the government wasn't feeding so many people, the market would be a better supply of summer vegetables. Beets, carrots, cabbage, turnips, long beans and other vegetables are being shipped into Florida from California to supply local trade. It cannot honestly be said that Florida land is worth as much as California land, unless it is said that Florida people will not use the land. If Florida climate will not allow the production of the necessities of life, then Florida climate is a mighty poor climate.

FIXING UP AT CARDWELL

Work on the railroad track at Cardwell and rock is being used to make a driveway with a double end to the logging truck.

THE EVERGLADES

Finest Structure Of Kind Is Pride Of Belle Glade

First presentation of pictures will be made Wednesday evening, November 8, at the Everglades Theatre, Belle Glade's first moving picture house, and recognition of the importance of the event will be given by a bit of ceremony in connection with the formal opening.

Promoted by Herman Gold, who established the Prince Theatre in Pahokee, and representing an investment of \$25,000, the Everglades Theatre building is the finest structure of the kind in the Lake Okeechobee region.

Financing of a building of this cost in a time of international business depression is an achievement possible only to persons who have the highest confidence in the future of the upper Glades.

Believing in Herman Gold, the promoter, deserves a tribute for his energetic public spirit. Joe Friedland, manager of the theatre, is a local business man.

The opening ceremony will start at 7:45, with Dr. W. J. Buck, secretary of the Chamber of Commerce, as master of ceremony.

Mayor E. B. Donnell of West Palm Beach and Mayor George Freder of Belle Glade and Sheriff R. C. Baker and Howard Sherriff are on the program with Mr. Friedman as speakers.

The show will start at 8:15. Al DeBorow will manage the Everglades Theatre and will have Glades as assistant manager.

Howard Baer and Mike Hopewich, with Kikka Baer as cashier. The ticket prices are 10c, 20c, 30c, 40c, 50c, 60c, 70c, 80c, 90c, 1.00, 1.25, 1.50, 2.00, 2.50, 3.00, 3.50, 4.00, 4.50, 5.00, 5.50, 6.00, 6.50, 7.00, 7.50, 8.00, 8.50, 9.00, 9.50, 10.00, 10.50, SOUTH BAY

Dallas Hardy, who spent a winter here some years ago, has returned to South Bay for the winter.

H. O. Mitchell was host at a 6 o'clock stag dinner at his home on Thursday evening, entertaining W. W. McCurdy, C. F. Denton, V. C. Denton, H. L. Lawrence, George Riney, John Prince, J. J. Denton, Bob Baker and Russell Fisher in his home.

Mr. F. B. Vance, who has been spending his weeks on the coast, has returned to his home in South Bay.

The community health center is receiving a new coat of paint this week. A large sign, "South Bay Health Center," has been placed on the building facing the highway.

Mr. and Mrs. Jack Challenor announce the birth of a son, Jack, Jr., at their home on October 22.

Harry Benson of Boynton and Mr. and Mrs. W. H. Rawle were dinner guests at the home of Mr. and Mrs. G. J. Barstow on Thursday evening.

C. L. Jordan, who has been working in the Sullary Market in Belle Glade, has moved his family to South Bay and leased the McCurdy filling station which he will operate in the future.

A. L. Hills of West Palm Beach made a business visit to this vicinity on Tuesday.

Mr. and Mrs. W. H. Rawle entertained at a Halloween party at their home on Saturday night. The house was gorgeously decorated in the spirit of Halloween and all of the appointments of the evening carried out in harmony.

LAKE HARBOR

Runyon, Pelican Lake Close Competitors In Bean Shipments

The 248 cars of snap beans that were shipped from seven stations of the Florida East Coast railroad in the opening of the season on October 10 to the close on October 31 originated at the following stations as follows:

South Bay - 14 cars.
Belle Glade - 38 cars.
Pahokee - 61 cars.
Cardwell - 36 cars.
Runyon Lake - 69 cars.
Canal Point - 18 cars.
Sand Cut Sliding - 12 cars.
Total - 248 cars.

Why South Carolina Still Ships Beans

There was a drought in South Carolina in the summer, rain not falling until late in the season. The South Carolina bean crop was thus thrown late, being planted about the same time as the beans in the upper Glades. This report was made by J. C. Townsend, crop reporter for the U. S. Department of Agriculture, who visited Belle Glade, Pahokee and Canal Point the latter part of last week to check up on the acreage in this region.

Mr. Townsend estimated the acreage of beans in the upper Glades at the time of his call as between 9,000 and 10,000. Estimate as made particularly difficult at this time because of the pulling out of vines or discing or plowing under while some planting is going on. The figures he set are of the total plantings since the opening of the season and include the fields that have been picked over or abandoned.

Having spent the summer in the bean growing districts north Florida, Mr. Townsend will remain in Florida until spring, making his headquarters at Orlando.

KENTUCKY WONDERS

While Bountifuls were quoted in Jacksonville at 30 cents a hamper, Kentucky Wonder pole beans were quoted at \$1.25 to \$1.50. A few years ago there was an important acreage of pole beans in the Lake region each fall but in late years the Negroes who are getting Red Cross flour might very well have had in a patch of pole beans if the owner of the land they live on required it.

LAKE HARBOR

'LAKE HARBOR, Oct. 31.—William Bolton gave a dance at his home Saturday evening. Light refreshments were served. Those attending were Mr. and Mrs. R. G. Bolton, Fred Ogle, Mrs. J. A. Wood, Mrs. and Mrs. J. L. Wood, Mr. and Mrs. H. B. Bowman, Mr. and Mrs. R. F. Morris, L. McLeond, William Bolton, Lewis Bolton, Fred Ogle, Mrs. Burnett, Ernest Burnett, Mr. and Mrs. Paul Bussey, Louise Bussey, Miss Lola Royal, Miss Billie Scogin, Mr. and Mrs. J. B. Grant, Mr. and Mrs. C. Scogin, Albert and Ned Perkins, R. L. Lee, William and Martin Buford.

Tom Campbell, Democratic nominee for tax collector, made a visit to Lake Harbor and Bare Beach on Thursday.

Mr. and Mrs. R. T. Connolly accompanied by Mr. and Mrs. A. L. Alcudia were recent guests of Miss Billie Scogin.

The Lake Harbor community chartered the school bus on Thursday evening and attended the Democratic rally in South Bay in a body.

Mr. C. W. Ogle and son Clark are reported to be ill at their home this week.

CAN FEED ITSELF, BUT IT DOESN'T!

To the Editor:

Can the Everglades feed themselves?

What a foolish question to ask! Dame Nature has fed the Everglades in such a bountiful manner with soil and climate that the question naturally arises. Did she not make a mistake and overdo herself?

Possibly, what is really meant is, "Can the people of the Everglades feed themselves?" If the statement that they can feed the entire world is not extravagantly overstated, then most assuredly they can feed their own people.

Anytime what is meant by feeding, we find it means food, by applying intelligence and physical energy to the source of supply. Mother Earth.

The Everglades can, the year around, easily provide his vegetables and fruit with comparatively little effort; his chickens and eggs likewise, and he catches his own fish without expense. He has no fuel for warmth to worry about, clothing and shelter at no expense than elsewhere in this country. If he happens to be a reclusive farmer or a city man so inclined, he can keep a cow and a pig. Of course, a cow requires one to be the job night and morning. To obviate this continuous duty, let two people purchase the animal in partnership—25-50—and permit the wives to milk alternate weeks or months as suits their convenience. Oh yeah?

One can be so independent on a small plot of Everglades soil and with slight effort, that he can dispense all thought of depression or impression and of master and slave. He can give free expression to his thoughts, regardless of any threatened consequences.

And really be himself.

F. J. EDDY.

Chicago, Oct. 29, 1932.

GARDEN CLUB MEET

SOUTH BAY, Oct. 31.—The local unit of the Everglades Garden Club met at the home of the chairman, Mrs. Walter Templeton, on Friday at 3:15 p. m. Plans were discussed for the year and a nominating committee consisting of Mrs. J. W. Beasley, Mrs. C. J. Brown and Mrs. Maude Hartline appointed to submit a list of names for officers for the ensuing year to the members at the next meeting, which will be on the third Thursday of November at the community health center.

Announcement of the general meeting of the club at the new club house in Belle Glade on Monday, October 31, was made. At this meeting each member was to report on the list of flowers which she expects to enter in the Flower Show in the spring.

Proves Bureaucrat Didn't Know What He Was Talking About

Three years ago an employee of the market news bureau of the United States Department of Agriculture, speaking at a meeting of the Pahokee Rotary Club, declined to approve an application for early installation of a field office on the ground that he had just returned from Texas and saw such evidence of Texas superiority in facilities for production as to make him believe that the upper Glades could not compete with that state.

The reply made to the upper Glades bureau was that the young Glades bean growers would not be deterred, they would go ahead, and would say, like Admiral Farragut at the Battle of Vicksburg, "Full steam ahead—damn the torpedoes!"

Shipment in October of this year of 248 cars of beans bears out the forecast and warning that was given then.

DR. JOLLY ARRESTED AGAIN

WEST PALM BEACH, Nov. 1.—Dr. F. M. Jolly, formerly of Lake Worth, was arrested Saturday night at Belle Glade by Chief Deputy Sheriff Hiram Lawrence and taken to county jail here, accused of being in contempt of court by failing to appear to the sheriff's office. He is being held on a worthless check charge, they said.

Dr. Jolly was arrested last August on a charge of exhibiting obscene pictures but the charge was dropped with the understanding that he would leave the state, it was said.

REPEAL

Unemployment!

BOTH OLD PARTIES HOPELESS

The Wall Street Journal has predicted a still larger jobless army next year. How can we escape its terror? The fact is that the Democratic and Republican parties and their "best minds" cannot solve the problem of the depression. It is inherent in the Capitalist system of the private ownership of industry and they are identified with that system. They strive to perfect and preserve it, but it is going too far before their eyes. They both represent the financial and industrial magnates whose interests are served by this broken-down system. The masters of finance and industry have ruled this country through the Democratic and Republican parties and politicians ever since the Civil War. In no other country has their rule been so absolute as in the United States. The workers have suffered poverty, insecurity and unemployment under the administration of both of them and they must be held responsible for these conditions.

THE SOCIALIST PARTY IS WORKERS' PARTY

The Socialist Party is the political organization of the workers on the farms and in the industries and offices of the country. It is organized, financed and controlled by working people. It is devoted to the interests of the workers and proposes to free them from the injustice, insecurity and other evils of capitalism. It proposes to secure control of the political powers through the exercise of our lawful orderly, peaceful rights as citizens of this Republic. It proposes to use those powers to legally and peacefully take the financial resources and industrial equipment away from the capitalists and to reorganize them and operate them for the benefit of all the people.

HOW TO VOTE RIGHT

The November election draws near and there is one mighty blow that you can strike for freedom from their misrule. Your ballots will be your hands. You can give them to those who misrule you, or you can use them for yourselves, but once you part with them they can never be recovered. A vote for November is a vote for the Socialist Party for President and Vice President. It will be a blow for freedom struck at the rotten capitalist system and its upholders. Millions of such votes will shatter the parties of Capitalism and send many champions of the workers into the legislative halls. Why not use your votes to strike this mighty blow yourselves?

Note: In order to vote the Socialist ticket for President and Vice President in Florida, write the name of R. G. Cox on one of the blank lines under the heading "For Presidential Electors" and make a cross (X) mark before (to the left of) his name. DO NOT VOTE FOR ANY OTHER CANDIDATE FOR PRESIDENTIAL ELECTORS.

Political Action Map. Paid for by R. G. Cox.

Mrs. Margaret Beader and daughters Mrs. Al Kirdman and Mrs. Fred Abner and children called on Mrs. Ross Winnie Tuesday afternoon.

Mrs. Gus Cromatic, Mrs. Jack Winnie and Mrs. H. B. Elliott attended a get-together meeting at the home of Mrs. I. W. West in Chosen Thursday afternoon, when they organized a sewing circle to sew the orphan home in Jacksonville.

Mr. and Mrs. Ross Winnie made a business trip to Pahokee and Canal Point Wednesday.

Mr. and Mrs. Earl Puthoff and family of California and Mrs. F. A. Le Grice and son Cecil Walker of Homestead were over night guests of Mr. and Mrs. Gus Cromatic Saturday.

Mr. and Mrs. Jack Winnie and little daughter Mary and Dorothy Winnie spent Sunday afternoon with Mrs. Winnie's parents, Mr. and Mrs. N. T. Nyher of Canal Point.

H. J. Tesh picked some 4,000 hampers of beans last week. Because of the low price many of the farmers are discing up their vines.

VOTE THE

STRAIGHT

DEMOCRATIC

TICKET

YOUR VOTE FOR THE STRAIGHT DEMOCRATIC TICKET, NATIONAL, STATE AND COUNTY, IS A VOTE FOR:

1. An end to the ruinous policies of the Republican Administration, which have brought economic chaos and unprecedented suffering to the American people.

2. Drastic and immediate reduction in public expense.

3. Lower taxes, assessed on ability to pay.

4. A sound currency, banking laws for protection of the depositor, unemployment and old age insurance and the restoration of agriculture.

5. A sane tariff law to protect American industries but not for exploitation of the consumer nor one that will bring retaliation from foreign nations.

6. Justice and generosity to War Veterans disabled in service.

By voting the Democratic ticket you will have a part in improving present conditions, restoring employment and bringing the Nation back to the proud position of domestic happiness and of financial and industrial leadership in the World.

Trucks and cars will be provided for transportation and each member will come provided with his or her own lunch. A drink will be provided. The regular morning lesson will be enjoyed at 11 a. m. on the picnic grounds with the regular teachers in charge of their classes. Those who care to go to the picnic in the afternoon will

come provided with bathing suits. BAPTIST CHURCH 10 a. m. Sunday school, M. D. Hardy, superintendent.

11 a. m. morning worship, Rev. W. E. Calvert, pastor.

6:30 p. m. Junior H. Y. P. U. Harold Hawkins, president.

7 p. m. Senior H. Y. P. U. Mrs. W. W. McCurdy, president.

8 p. m. evening worship.

WHILE we congratulate Mr. Herman Gold on successful promotion of the splendid EVERGLADES THEATRE, we also congratulate Belle Glade on the possession of such a splendid building and the prospect of such fine entertainment as it is to provide. THE HARDWARE STORE of Belle Glade furnished a share of the material that went into the building, and we hope to furnish Hardware and other supplies for the other buildings, large and small, that will be erected in this territory. As we help the territory to grow, so we hope also the territory will help us to grow, and we shall seek to deserve patronage as fully as does THE EVERGLADES THEATRE.

IF THE EVERGLADES THEATRE serves the community as well as we do, it will earn and deserve the support of the territory—and we believe it will!

Congratulations!
